Engineer Dillon Davenport reported:

Full Depth Concrete Patching around Clio for the next couple of weeks.

One mower operating on county pavement and two mowers are working on mowing the gravel roads.

Two trucks are hauling rock on the gravel roads. Some motor graders may not be operating in their designated areas because the operator may be helping with the pavement patching project.

The area around the bridge north of Harvard on S40 south of Highway 2 has been cleared by the archeology survey so it is back on track to be let in February 2027. Then the bridge will be removed on S40 the summer of 2027.

Department Monthly Reports:

Wayne County Development Director, Kellie Anderson reported that The First Thursday Coffee will be held at her office on August 6th @ 7:30AM. Also the Chamber will meet next week.

Discussion: Auditor Dooley reported that the CASH Annual Financial Report is nearly completed and should be presented at the next meeting. The Auditor's Office is now accepting absentee request forms for the upcoming LOSST Special Election to be held Tuesday, September 8, 2026. Absentee voting in person and mailing absentee ballots out begins August 19th in the Auditor's Office. (Monday, August 24, 2025 @ 5PM is the deadline to request an Absentee ballot to be mailed.)

Dooley asked if the BOS is ready for her to schedule a meeting with Township Clerks relating to cemeteries. The Board would like to wait until mid-September to hold a meeting.

DOAS portion of the heating/cooling system in the courthouse is working now since Woodman Controls was on site. Also, Mechanical Sales was also on site for the heating/cooling system and found a part that needs to be replaced. The part is under warranty, but the county will probably be responsible for the labor.

Also, Chase Clark, IT Director and Auditor Dooley are meeting with Ringgold County Auditor Amanda Waske and their IT Director, Zac Hague on Wednesday August 5th about a partnership/28E Agreement. This partnership would provide IT backup support when one of the directors is out of the office. There is also a desire to expand this partnership into a 28E Agreement to include additional counties that are facing IT challenges.

Supervisor's meetings update:

Moore attended New Venture Advisory Board meeting. Moore discussed that there was a correction in client billing and the county received approximately \$65,000 from back billing. Also, a storm shelter for New Venture is being looked at and hopefully will be purchased this year to provide additional safety for the residents and staff. The current van at New Venture is no longer meeting the needs of the home and so the county will be looking at replacing the wheelchair accessible van with something more suitable for all the residents and staff to travel together. Residents are going out to do more community activities. Also, a new resident hopefully will be added to the home.

Lange had no meeting to report on.

Wilson attended the Southern Iowa Response Group (SIRG) meeting. Henry County is looking to join the group. Wilson also attended a 1015 Transit meeting.
