

“Wayne County will be accepting applications for the position of “Equipment Operator.”

This position will report to the shop in Corydon and will primarily operate industrial or construction equipment. Qualified applicants must have a high school diploma, or GED equivalent, and a valid Class A or B Commercial Driver’s License, or the ability to obtain one within 60 days of hire. Applicants must be able to pass the following post offer, pre-employment: FMCSA review, driving record screening, physical examination, background check, and drug test.

Job duties include, but are not limited to, activities such as lifting and moving heavy objects and other physical labor, operating construction equipment, operating a flex-wing and/or boom mower on an agricultural tractor, operating a jack hammer, truck driving, snow plow operation, service heavy equipment, and other activities related to road maintenance. Applicant should be comfortable working outside in both hot and cold weather, and have the physical capacity to work with large heavy objects/equipment for a full work day. The successful applicant may be assigned a snow plow route in the winter.

Applicants must have a strong work ethic and desire to learn new skills. Experience operating heavy machinery such as motor graders, dozers, backhoes, heavy trucks, and agricultural tractors is desirable. An ideal applicant is someone with the above qualifications and equipment experience that is a hard worker, works well with coworkers and the public, and enjoys working outside.

Applications and the Job Description are available at the Wayne County Auditor’s Office and/or Engineer’s Office. Applications will be accepted at the Engineer’s Office in Corydon until December 29th, 2023 at 3:30 p.m. Qualified applicants will be interviewed by the Engineer. Wayne County is an equal opportunity employer. If you have questions, please contact the Engineer’s Office at 641-872-2025.”
