Engineer Dillon Davenport reported the following:

Culvert crew is working southwest of Allerton.

Road crew will be disking and pulling shoulders later this summer.

The tree grinder is working south of Bethehem.

The Bridge on 245th Street is a contract bridge. The clearing and grabbing was completed last week prior to the bat nesting dates. Soil stabilization will be completed soon and then the project is scheduled for July. Davenport reminded everyone that the project will be paid for locally but then will be reimbursed by the State.

The next bridge rehab is scheduled for 225th St. and this project should start in 2 to 3 weeks. This rehab will greatly improve the allowed tonnage.

Lange made a motion to approve the capital asset deletions for the two (2) Chevy Tahoes, seconded by Wilson.

Lange made a motion to approve the capital asset addition of two (2) Lenovo servers purchased from Heartland Business Systems for the total cost of \$22,124.00, seconded by Wilson. The expected useful life is 5 years.

Chase Clark, IT Director, requested the Board to consider rescinding their termination request with Motorola. This would allow time for a new tower to be erected and to see if raising the tower an additional 150' would improve communication between all the emergency responders. The board was unwilling to take action on this today but will consider action at the next regular board meeting on Tuesday, April 15th.

Monthly Department Reports:

Kellie Anderson, Wayne County Development Director, reminded everyone that First Thursday Coffee is April 3rd at her office at 7:30AM. They are also looking for vendors for the April 18th Spring Fling Event.

Supervisor's meetings update:

Lange had 2 meetings canceled but attended the SCICAP meeting. They discussed their head-start program, their annual audit report and possibly changing the meeting time.

Wilson attended the OPIOID settlement meeting with local stakeholders. Wilson as well attended the DECAT meeting and they approved the FY26 Budget and discussed their shortfalls in funding. Wilson attended the Milestone meeting, and they discussed cuts in funding. Wilson also reported that Milestone and 10-15 Transit did have an agreement to provide rides for patients referred by Public Health Nursing but Milestone is behind on their payments to 10-15 Transit so that program is seizing.

Moore is working with the County Assessor, Brandon Carpenter and County Veteran Affairs Service Officer, Joella Perry to get a program for managing and preserving cemetery records within Wayne County.

No Discussion

Public Comments: Don Seams clarified that Milestones is federally funded.

Robert Ziegler requested assistance from the county to address the railroad ties being stacked along the tracks in Sewal. The railroad ties are presenting a hazard to the neighboring homes with the awful smell and rodents making living in the stacks. The Supervisors will reach out to David Rhodes, the County Environmental Health & Sanitarian to see what can be done.
